Questions we will cover:

What if...

- You can no longer care for your spouse and need urgent placement with more support?
- You have limited or no support network and need immediate guidance or an advocate?
- You are overwhelmed by the healthcare system and need direction or advocacy?
- You are considering (or need to consider) the various roles of a trustee, successor trustee, executor, or power of attorney for you or your spouse?
- You don't understand the role of a fiduciary and how they are compensated?

What is a Healthcare Advocate and how can they assist with medical advocacy?

What the healthcare system won't tell you:
